

Winter has come to Turkey and the temperatures have dropped. Many of us can keep warm with heat, winter clothes and blankets. Refugees do not have the resources to stay warm.

KEEP THEM WARM AND OUT OF THE COLD!

"We left everything behind for the hope of something better in Turkey, but we are faced with only hardships." With neither rights nor permission to work, "Z" and her family can barely afford a slum house. Despite her disabilities, her bed was the cold cement floor. She never smiled until the day that the "Snow Flower" Team brought her a bed! She smiles often now that she isn't as cold but with the freezing temperatures, the house is cold enough to see your breath. Many families like "Z's" live daily in the cold. They cannot escape it! They have no heat, warm clothes and just a blanket per person (if that) to stay warm. Many need heat, warm clothes, coats and boots to make it through the hard winter months.

YOU CAN HELP!

Encompass World Partners together with "Snow Flower" wants to help these refugee families by bringing hope, physically and spiritually this Christmas

Heating: One Home - \$50/month X 4 months = \$200

**We want to heat 30 homes for the winter (Total = \$6000)*

32 Pairs of **Boots** - \$16 a pair = \$512

20 x **Coats** - \$25 = \$500

150 kids x **sweater and sweat pants** - \$20 set = \$3000

****This will impact 540 refugees that we serve for 4 months.*

PRAY - Our greatest desire is that we will take the love and hope of Christ to these families in both Word and deed! It is hard to hear when you are so cold and your children are suffering. This act of service changes lives and opens doors for the Gospel!
